

# SEYMOUR CANNOT HOLD OUT LONGER

He is Surrounded and Harassed Eight Miles from Tien Tsin.

# RELIEF IS SENT OUT

Foreign Ambassadors and Ministers Not with Seymour's Retreating Force.

# ALL CHINA WILL BE INVOLVED

Chetoo, June 27.—[Special Cablegram]—A message from Taku reports that a courier from Seymour arrived at Tien Tsin Monday. Seymour's force was eight miles west of Tien Tsin and terribly harassed. It was then believed that he could not hold out only two days more.

Seymour's casualties, according to the courier, were sixty-three killed and two hundred wounded. Two thousand men left Tien Tsin Monday to go to his relief.

The ambassadors and ministers are not with him.

On Their Way to the Coast.

Paris, June 27.—[Special Cablegram]—The French consul at Shanghai reports that the foreign ministers left Peking by the north gate under a Chinese escort and started towards Chung Kai Wan on their way to the coast.

# FIVE WISCONSIN MISSIONARIES

Fate of Badger People at Tien Tsin is in Doubt.

New York, June 27.—The American Missionary association of this city reports a list of names of thirteen Americans supposed to be at Tien Tsin at the time of the massacre. The list includes the names of:

Mr. and Mrs. Arthur H. Smith Wisconsin.

The Rev. Henry D. Porter D. D., and wife of Beloit, Wis.

Miss Mary H. Porter, Beloit, Wis.

Arthur H. Smith and wife were sent to China by the Plymouth church of Brooklyn.

Instructions were cable today to the Presbyterian missionaries in Central and Southern China by Charles W. Hand, treasurer of the Foreign Missionary boards of the Presbyterian church, to watch the situation closely and to go to the coast with their families in case the "boxer" troubles extend.

# GENERAL UPRISING IS FEARED

Reign of Murder and Rape Fully Expected in China

London, June 27.—A fresh phase of the ebullition in China is the probability of immediate outbreaks in the great southern provincial centers. The populace there is daily assuming a more hostile attitude toward foreigners, and the latter perceive symptoms of a general rising, especially at Nanking, where, according to a dispatch to the Daily Express, dated yesterday, Kang Wu, one of the most truculent enemies of foreigners, has arrived, by way of the Grand canal, armed with full powers from the empress to deal with the southern provinces.

The friendly attitude of Viceroy Liu Kun Yih toward foreigners has brought him into disgrace with Prince Tuan, president of the tsung-li-yamen.

Reign of Rape Feared.

The unrest at Canton is described by a dispatch from that city to the Daily Telegraph, via Hong-Kong:

"It is feared that we are on the eve of a scene of bloodshed and anarchy in the two Kwang only paralleled during the Tai Ping rebellion. The signs of a murderous uprising are so manifest that wealthy Chinese are hurrying from Canton and vicinity, taking their wives, families and valuables. Li Hung Chang has again been peremptorily ordered to Peking. His enemies declare that they will murder him before he can reach there. His presence alone restrains the revolutionary elements here. His departure will let loose the 'black flags' and 'red girdles.' Knowing this, Li's trusted officers are sending their families to Hong-Kong.

Li Relies on Americans.

"The viceroy himself trusts the Americans in this crisis. He says that they alone want no territory, and he places himself largely—almost unreservedly—in their hands. At an important conference today he reiterated this statement. All the missionaries have been notified of the eminent peril through confidential runners. They are leaving Canton hurriedly, and only a few more are now here. Commander McLean of the United States steamship Don Juan de Austria is the first here to protect foreign interests. He is capable and energetic and is re-enforced by H. M. S. Redpole. Two hundred foreign residents of Shameen are armed. The Canton population reaches 2,000,000 in addition to 250,000 living on junks and sampans (flat-bottomed river boats). Most of these people are

disaffected, and incendiary proclamations are increasing the number of the virulent."

# Jesuit Fathers Killed.

Shanghai cables that the French consul there has received a cable from Shang-Tung, asserting that 11,000 Chinese troops are making a forced march from Shan-Tung to Pekin. Two Jesuit fathers and 100 native Christians have been murdered in the southern part of the province of Chi-Li. The Chinese military authorities have been discovered recruiting at Shanghai inside the foreign settlement and some agents have been arrested in the act of constructing intrenchments around the European concessions. A Chinaman connected with the war purchases for the Chinese government in Europe, and who has been interviewed by the Daily Express, says that China has immense quantities of arms and ammunition and will "stagger humanity" if driven to defend herself.

# Minister Wu Makes a Call

Washington, June 27.—[Special Telegram]—The State department this morning received a call from Minister Wu, who presented a dispatch from Tsungli Am, dated at Peking on the 19th, which stated that permission had been granted the legation guards to enter the city. Later they were denied reinforcements. When the foreign admirals demanded the surrender of the Taku forts the ministers prepared to leave Peking with the guards for Tien Tsin.

# ALL SUGAR GRADES HAVE ADVANCED

American Sugar Refinery Sends Up the Product 10 Cents on Every 100 Pounds.

New York, June 27.—All grades of refined sugar were today advanced 10 cents per hundred pounds by the American Sugar Refining Company and the independent refiners. This makes standard 5.80 cents a pound. Deducting the discounts, the net price is 5.59 cents.

The rise of today was not unexpected, as it was believed that if the refiners had to pay more for raw sugar here they would raise refined prices.

Late yesterday they paid one-sixteenth of a cent more for some centrifugal sugar, making a new price for that grade of 4 1/16 cents. Refiners were also large buyers of beet sugar in London, and that market has been steadily advancing. The advance there today was 2 1/2 pence.

The refineries are melting all the sugar the capacity of their refineries will stand, and the meltings this week are expected to run over 35,000 tons. Refiners claim that they are heavily oversold on some grades.

# BADGER INSURANCE MEN MEET

Local Agents Discuss Business and Coming National Convention

Milwaukee, Wis., June 27.—The Wisconsin association of local fire insurance agents was in session yesterday at the Hotel Pfister. The national association will meet in Milwaukee on August 30 and 31, and the Milwaukee and Wisconsin agents are now considering how the national delegates are to be entertained.

August Rehban, as president of the Milwaukee board, welcomed the delegates to the city. President Tapping, in his annual address, said legislation adverse to fire insurance companies threatened to sweep the entire country. He was sure the bills introduced at Madison last winter and he urged local agents to use their influence to prevent their passage. The president also spoke of the large city broker, whom he described as "useless as the veriform appendix." In return for lobbying for the companies before legislatures Mr. Tapping thought the companies ought to save the agents from the brokers.

Upon the complaint of Waukesha agents that Milwaukee agents are doing overhead writing in that city, the subject of engaging a salaried manager was brought up but nothing definite accomplished.

# MINNESOTA IN NEED OF RAIN

Existing Drought Causing Loss to Dairy and Buttery Industry

St. Paul, June 27.—"The existing drought will mean a loss of several millions of dollars to the dairy and butter industries of Minnesota," said Commissioner J. M. Bowler of the state dairy and food department this morning. "The butter output of the state has fallen off 25 per cent. in the last month because of the scarcity of hay, grass and fodder, due to the drought."

Deputy Commissioner White of this department returned today from a trip through the state and reported a very discouraging outlook for the dairy and butter men unless they get rain so that fodder corn to carry their stock through the winter can be raised.

Minnesota annually produces more than \$10,000,000 worth of butter, and Mr. White says there will be a decrease of fully 50 per cent. this year. He says that a number of farmers are already reducing herds by selling, and many are cutting grass and feeding it to their stock.

Encouraging reports have been received from counties in the extreme southern part of the state where a fair amount of rain has fallen.

# BANKER WANTS HIS CASHIERS TO WED

BRINGS A MATRIMONIAL EXCURSION FROM THE SOUTH.

He Invites the Best and Most Charming Girls to Accompany His Party of Bright Young Men, and They Take a Trip to New York—Mr. Witham Expresses His Opinion.

New York, June 27.—A "matrimonial excursion" reached New York yesterday personally conducted by W. S. Witham, who controls thirty-three banks and cotton mills in Georgia and who thinks that his cashiers ought to be married. In order to realize this he organizes "matrimonial excursions," which are attended en masse by his unmarried cashiers and marriageable ladies. The unmarried cashiers on this trip have eight young ladies to choose from, and Mr. Witham hopes that his mass bridal tour may have good results.

# The Eight Young Ladies

The eight young ladies are: Miss Julia Bacon, daughter of General Bacon, Albany, Ga.; Miss Louise Cary, Cartersville, Ga.; Miss Elizabeth Englebach, Atlanta, Ga.; Miss Palma Phelan, Atlanta, Ga.; Miss Carrie Witham, La Grange, Ga.; Miss Bennie Thompson, Thomaston, Ga.; Miss Isoline Wilberley, Macon, Ga.; and Miss Lulu Galoway, La Grange, Ga.

Cupid was invoked before the excursion left Atlanta eight days ago. Mr. Witham believes in matrimony for bank cashiers. That he does not hesitate to say, is one of the purposes of this tour. This is why he selected the most charming young girls he could find. He hopes each will win a cashier.

There is a clergyman along. At a moment's notice a marriage can be performed, and another bride and bridegroom added to the present list.

Mr. Witham is ready with his blessing and a check for \$500. Whenever one of his cashiers marries he always presents him with \$500.

# Married Men More Reliable

There are 104 in the party. Not all of these, of course, are brides and grooms. There are three bridal parties in the excursion and another of the cashiers will marry as soon as they reach Atlanta. One wedding took place just before they left Atlanta.

Regarding matrimony Mr. Witham said:

"A married man is more reliable in a position of trust than a single man. A man who has a wife and baby is not so likely to run away as a single man. 'To marry the cashiers off I always invite a number of what I call 'sponsors,' young ladies of the best southern families, to join our excursion party. 'I have picked out every variety of young lady for the sponsors. We have blondes, brunettes and attractive young girls of every kind.'"

# ANOTHER BIG GOLD STRIKE NEAR NOME

One Small Stretch of Beach Has Already Yielded \$475,000—Other Rich Finds.

Nome, Alaska, June 8, via Seattle, Wash., June 27.—More complete and definite returns have been received from the rich strike at Topukuk, fifty-five miles below Nome. There seems no reason to doubt that this is one of the greatest strikes ever made in this vicinity, as important as the strike at Nome before. Though the discovery at Topukuk is of comparatively recent date, many have struck it rich already, and there are several individual fortunes running as high as \$25,000 have been taken out. Parties of two or three working with ordinary rockers, it is said, are taking out \$1,000 a day. It is reliably estimated that one stretch of beach 600 feet long by an average of ninety feet in width, has yielded \$475,000 within the past few weeks. Another strike, though of less sensational nature, has been reported at a point on the beach twenty miles south of Nome.

# LOW STAGE OF MISSISSIPPI

Navigation Impaired and Sawmills Forced to Shut Down

La Crosse, Wis., June 27.—The present stage of the Mississippi River is the lowest known in a period of forty years. Steamboat men and lumber men do not recall the time when the big stream fell to the stage of 1.6 feet so early in the season, or, in fact, at any other period of the year.

Owing to the existing condition there is little or no navigation, and all the sawmills here have suspended operations, there being a scarcity of logs. Logs cannot be gotten out of the small streams into the river. Three hundred men are out of work, with small prospects of early re-employment on account of Coleman's big mill shutting down today.

The big Diamond Jo steamers run to Hastings only, and it is quite likely that the low water will force an entire suspension of steamboat operations.

# Very Low Rates to Charleston, S. C.

Via the North-Western Line. Excursion tickets will be sold on account of annual meeting N. E. A. to be held at Charleston, July 7-13. For dates of sale, limits of tickets, etc., apply to agents Chicago & North Western R'y.

# FLORAL PAGEANT THIS AFTERNOON

MILWAUKEE SOCIETY EVENT PROMISES TO BE ARTISTIC.

Cream City's Annual Carnival is Now in Full Blast, and is Drawing a Very Much Larger Crowd Than Last Year—The Program for the Remainder of the Week.

Milwaukee, June 27.—Milwaukee's third annual carnival season is now in full blast, and the city has been turned over to Rex and his retinue of funmakers. They have taken possession of the highways and the byways and set smiles upon the faces of the most stoical citizens, and broad grins upon the faces of those who are not so stoical.

Yesterday was the opening day, and it was a carnival day made to order. Floral Parade Today.

The principal event today will be the Floral pageant at 2:30 o'clock in the afternoon. This promises to be one of the most artistic as well as beautiful pageants of the season.

In the evening there will be concerts in the Court of Honor, in the city parks and on the down town streets by the bands that have been engaged for the carnival season. But the floral parade will be the society spectacle of the carnival. Mayor Rose will lead the pageant, driving a pair of bays.

# Program for Week

The program for tomorrow will include the fire run down Grand avenue in the afternoon, followed by the automobile run. In the evening is to be a gorgous electrical pageant. Friday afternoon there will be given a humorous parade, also down Grand avenue, and in the evening the midsummer night festival will be held at the Deutscher and Calumet clubs.

It is estimated that there are 50,000 visitors in the Cream City today.

# ENDORSE BRYAN AND FREE SILVER

Illinois Democrats in Session at Springfield Today Adopt a Most Radical Platform.

Springfield, Ill., June 27.—[Special Telegram]—The democratic state convention resumed business at ten thirty o'clock this morning by approving a list of the delegates and alternates to Kansas City. Mayor Harrison then read the platform which "reaffirms and endorses in whole and in all parts in letter and spirit" the Chicago declaration of 1896. McKinley's administration is denounced as weak and his refusal to sympathize with the Boers is condemned. The Philippines war is revolting; currency law is denounced; suppression of trusts demanded; Monroe doctrine upheld; postal savings banks favored; board equalization declared useless; new revenue law condemned as a shelter for the wealthy, and the Tanner administration denounced as the most corrupt in the history of the state.

The rest of the ticket besides Samuel Alschuler for governor named yesterday is as follows:

Elmer Perry, Brown county, lieutenant governor.

James O'Donnell, Bloomington, secretary of state; George B. Parson, Shawneetown, auditor; M. F. Dunlap, Jacksonville, treasurer; S. A. Todd, Chicago, attorney general; Julius Holmes, Joseph Bichartz and Charles Risse, trustees university.

The convention then adjourned sine die.

Adlai Stevenson declined an election as alternate to Kansas City and Dr. Walter Watson was substituted.

# CHRISTIAN PARTY ISSUES A CALL

Convention at Madison July 4 for the Purpose of Organizing and Naming State Ticket.

The so called Christian party has issued a call for a state convention to be held at Madison on July 4, for the purpose of organizing and naming a state ticket. The call says: "All Christians who believe that the golden rule should be applied in national and state government are urged to come and take part in this convention. We cordially invite every true and loyal Christian to come, regardless of nationality, creed, color, sex, or previous party affiliation. We believe that the Christian voters should unite and vote against all legalized wrong. All who believe in principles of true liberty, justice, equity and genuine humanity are respectfully invited."

# WILL GREET SANTIAGO HERO

Public Reception for General Joseph Wheeler Saturday Afternoon

Chicago, June 27.—A public reception in honor of General "Joe" Wheeler, who has just assumed command of the department of the lakes, will be held next Saturday afternoon at the First Regiment armory, Sixteenth street and Michigan boulevard, from 2 to 4 o'clock. Mayor Harrison, Colonel Henry L. Turner, who commanded the First Illinois Volunteers during the Spanish-

American war, and others will welcome the veteran in short addresses. A battalion of the First Regiment, I. N. G., will act as body guard and honorary escort to General Wheeler and his two daughters.

# COACH O'DEA IS DISCOURAGED

Wisconsin's Varsity Crew Shows Weakness at Poughkeepsie

Poughkeepsie, N. Y., June 27.—Coach O'Dea's varsity crew is apparently in an uncertain condition, and at this short time before the day of the great battle in aquatics the condition of circumstances is by no means encouraging to the Wisconsin men and their followers.

After the two crews went up the river last night the varsity oarsmen had three or four inches of water in their shell, and were compelled to row to the beach and empty the boat. They then turned around and came back to the boathouse. The freshman crew is in the pink of condition, and every local oarsman hereabouts predicts an easy victory for the Wisconsin freshman crew. Coach O'Dea himself states that the freshmen row a more steady stroke than the senior crew.

# PAYNE CONFIDENT OVER THE RESULT

Expects a Republican Victory This Fall—Roosevelt Strengthens the Ticket.

New York, June 27.—Henry C. Payne, Republican national committeeman of Wisconsin, was at the Waldorf-Astoria today. Mr. Payne, as in 1896, will this year have charge of the campaign in the West. Sometime next month he will open his headquarters in Chicago. Speaking of the general situation, Mr. Payne said to a Tribune reporter:

"All through the West the republican ticket is looked upon as an ideal one, and Roosevelt's nomination is looked upon as giving a great deal of strength to the ticket in the extreme Western states beyond the Missouri and the Dakotas. He is a great favorite out in that country, and will help to carry some of those states which went for Bryan four years ago.

"I can hardly believe there is any great danger in New York. The business interests are too great here to take any chances on electing a man of Bryan's political beliefs. The campaign will be run a great deal as it was four years ago. West of the Missouri to the coast the republican party is much stronger than it was in 1896, and if the states east of the Mississippi river will do as well relatively as those lying west we will achieve a great victory. I anticipate that as the campaign proceeds that all divisions, criticisms and dissensions will disappear before a great wave which will sweep over the country, as it always does in a presidential campaign, and that the republican party will present a united front against Bryan democracy."

# ROSE WILL PRESIDE AT KANSAS CITY

The Mayor of Milwaukee is Said to Have Been Selected For Temporary Chairman.

Kansas City, Mo., June 27.—Mayor D. S. Rose of Milwaukee is quite likely to be temporary chairman of the democratic national convention. Governor Charles S. Thomas of Colorado had been practically decided upon, but his contest with Tom Maloney in the Colorado state convention left a breach which the singling out of Thomas for national honors would not tend to heal. Thomas is considered out of it. Mayor Rose knows and is popular with nearly every member of the national committee, and it is said that his selection could be very gratifying to Mr. Bryan, who had persistently emphasized the desirability of recognizing the Germans as a voting element from which much is expected under the new alignment as to issues.

# ILLNESS OF JOHN WANAMAKER

Continued to His Country Home at Jenkintown Near Philadelphia

Philadelphia, June 27.—Ex-Postmaster General John Wanamaker, the famous merchant, is ill at his country home near Jenkintown, but is expected soon completely to recover. He has a bad affection of the liver, severely aggravated by a cold, but neither his physician nor his family entertains the slightest alarm as to his condition.

Mr. Wanamaker was permitted by his physician to set up for an hour today. The patient hopes as soon as his health will permit to recuperate while enjoying his customary summer trip to Europe.

# Attack by the Boers

Maseru, June 27.—[Special Cablegram]—The Boers attacked a body of Basuto laborers, killing twenty and capturing two hundred.

# The Khedive in London

London, June 27.—[Special Cablegram]—The Khedive arrived this morning and was received by the Duke of York and other notables.

# SAMUEL DICKIE IS CHOSEN CHAIRMAN

National Prohibition Convention Called to Order in Chicago Today.

# ARMORY HALL FILLED

Three Candidates for the Presidential Nomination Are in the Field.

# ARMY CANTEN IS AN ISSUE

Chicago, June 27.—[Special Telegram]—At 10:30 o'clock this morning the National Prohibition convention was called to order in the First regiment armory, which was filled by four thousand people.

Over nine hundred of the ten hundred and fifty-four delegates were present when Oliver Stewart, chairman of the national committee, began his opening remarks. All the states were represented excepting Florida, Mississippi, South Carolina, Nevada and Louisiana.

The presidential candidates are John G. Wooley of Illinois, Hale Johnson of Illinois and Dr. S. Swallow of Pennsylvania.

Dr. Wesley Maxwell, offered prayer and John H. Hill, welcomed the delegates.

Samuel Dickie of Michigan, was chosen temporary chairman. His address was a forceful denunciation of McKinley's position relative to the army canteen question. He also charged that the states consuls were gathering information in foreign countries for the benefit of brewers and distillers at the expense of the people.

Committee appointments followed and the convention adjourned until 2:30 o'clock this afternoon.

# PRESIDENT IN CANTON JULY 4

Probability That McKinley Will Then be in His Home City

Cleveland, June 27.—According to a statement by Senator Hanna today, Ohio may expect a visit from President McKinley on the Fourth of July. While the senator has no definite information on the matter he said he expected the president would leave Washington next week long enough to spend the Fourth in his home city of Canton.

"On the Fourth of July," he said, President McKinley will probably come to Ohio to attend the grand demonstration in his honor to be given by the people of Canton. I received a letter some time ago saying something about the affair. It is pretty certain that the president will be at home on that day and that they will have a great time in Canton."

Mr. Hanna stated it would be two weeks before he would be ready to announce the members of the new national executive committee.

# TAYLOR MAY GO TO CANADA

Former Governor of Kentucky is Thought to be Headed That Way.

Rochester, N. Y., June 27.—William S. Taylor, formerly Governor of Kentucky, passed through the city yesterday and it is thought he is headed for Canada. He has shaved off his moustache and carries no baggage.

His wife accompanies him and both of them show the effects of the great nervous strain upon them by dodging detectives from Kentucky, who follow Governor Taylor everywhere. Two of his own personal detectives, however, are constantly with him and guard him against surprises.

The stop of the party in Rochester was very brief, as they took the first train out for Niagara Falls. Mr. Taylor refused to answer any questions.

# MANY ATTENDED CIRCUS

Second Performance Drew Out a Well Pleased Crowd

Last evening a good sized crowd attended the second evening performance given by Capt. Ament's circus aggregation. The show gave general satisfaction and pleased all. This evening the last performance will take place and the tent should be crowded at the small price asked.

# To Repeal the Goebel Law.

Lexington, Ky., June 27.—As a result of a conference of political leaders here last night it is authoritatively asserted that Gov. Beckham will call an extra session of the legislature to repeal the Goebel election law. It has been strongly argued that a continuance of the law will defeat the party in Kentucky.

# Discharge posse Comitatus.

St. Louis, Mo., June 27.—Sheriff Pohlman was ordered today by the Police board to discharge the posse comitatus forthwith as it is regarded as being no longer necessary to keep an armed body of men to preserve the peace. Col. Cavanaugh at once proceeded to carry out the instructions.

DROUGHT EFFECTS  
NOW APPARENT

DISCOURAGING REPORTS FROM  
NORTH WISCONSIN.

Week Has Been Very Favorable for Corn—Winter Wheat and Rye Beginning to Ripen—Oats and Barley Nearly a Total Loss—Hay Crop Will Be Poor—Crop Bulletin.

The weather and crop service issues the following bulletin for the week ending last night.

The average temperature for the week was about 6 degrees higher than that of last week and ranged from 72 degrees along the western border to 64 degrees over the northern counties. The highest temperature occurred generally toward the end of a week.

Rains of a general character occurred on Wednesday and Thursday in nearly all parts of the state, except the extreme northwestern counties. In Crawford and Vernon counties the rainfall amounted to about two inches, while in portions of Jackson, Waushara and Dane counties the total rainfall for the week exceeded one inch. For the remainder of the central, southern and southeastern counties the rainfall ranged from one-half to one inch. In the northwestern sections of the state the effects of the drought have been greatly intensified during the week by the high temperatures and the total absence of rain and reports from that portion of the state are discouraging in the extreme. A destructive hailstorm occurred near Amherst Junction, Portage county, on the evening of the 21st, doing considerable damage to crops in that vicinity.

The week has been very favorable for corn, except in the northwestern counties, where the drought has practically stopped the growth of all vegetation. Early plantings are making excellent growth and the present rains have proved of great benefit to the later plantings, which are now making very satisfactory progress. Fields are generally clear of weeds.

Winter wheat and rye are beginning to ripen and harvesting has commenced in some of the southern counties. In some localities the straw is too short for binding and a mower will be used for cutting. These crops will be light.

In the northwestern counties oats and barley crops are reported almost a total loss, and some farmers have turned stock into the fields. The rains in other portions of the state have improved the prospect, although the straw is very short, especially on upland soil.

The rains came too late to be of material benefit to the hay crop, which is very light in all parts of the state. Pastures have been improved by the rains but are generally not in satisfactory condition. In sections where the drought is severe farmers are selling stock on account of lack of feed.

Early potato plantings are doing well and late plantings have been improved by the rains.

Small fruits have been seriously injured by the drought, especially straw berries. Grapes are reported light, while apples and plums promise well.

W. C. T. U. ELECTS OFFICERS

Lady Henry Somerset Again Chosen President by the World's Congress

Edinburgh, June 27.—The World's Women's Christian Temperance Union congress today re-elected the president, Lady Henry Somerset, and the other officers. Mrs. L. M. N. Stevens of Maine was elected an additional vice president. The congress heartily approved the action of the Women's Christian Temperance Union of America relative to the temple in Chicago, and a greeting was cabled to the two mothers of the crusade movement, Mrs. Stewart of Springfield, Ohio, and Mrs. Thomson of Hillsboro, Ohio.

The July Atlantic

In the July Atlantic, ex-President Cleveland concludes his argument for the Independence of the Executive with a striking account of his own long and bitter struggle with Congress which arose from the famous Tenure of Office act, and resulted in a vindication of President Cleveland's position and the repeal of the act itself.

James W. Alexander, President of the great Equitable Insurance company, discusses Some Prejudices About Life Insurance, and points out many current fallacies that injuriously affect the mind and action either of the public or of insurance managers—in either case to the injury of this most important and beneficent institution.

Edith Kollogg Dutton treats jauntily—as befits the subject—The Rascal as Herod from Ulysses down to Becky Sharp and David Harum. Among the shorter stories are a Shepherd of the Sierras, a quaint Arcadian sketch by Mary Austin, Annie Elliot Trumbull's Araby the Blest, and I. K. Friedman's The Machine of Moses, a humorous yet touching story, a picture of life in the Ghetto. The poetry is especially noticeable, and the Contributor's Club is unusually witty and entertaining.

EDGERTON TOBACCO MARKET

Rains of the Past Week of Great Benefit to the Crop.

Edgerton, Wis., June 27.—The rains of the past week have been of incalculable benefit to the tobacco growers in that it got an end to the drought that was becoming to be a serious matter and permitting the conclusion of the planting of the crop. The rains were quite general over the tobacco sections and it has given the previously set fields a splendid start. By the close of the present week the transplanting season will have about closed and the crop has been placed in the fields at a date fully up to the average of other years and it is in probable the full intended acreage is out.

The market is remarkably dull in everything that pertains to old leaf and no sales of importance are reported. Even the shipments out of storage have declined to small figures. No more than 250 cases went out from this station to all points for the week past. Something like 500 cases of cigar leaf were exported from New York last week.

Bret Harte's Condensed Novels

Years ago Bret Harte wrote a series of stories which he called "condensed novels"—humorous tales, in which he burlesqued the style, mannerisms and peculiarities of the authors of the day.

Mr. Harte has just completed, for The Saturday Evening Post, a new series of those imitatively funny literary caricatures. Admirers of Conan Doyle should read the adventures of Hemlock Jones in his quest of The Stolen Ogar Case; and those who are fond of Mr. Kipling will find pleasure in Stories Three; tales of Moo Kow, the Cow; Puskat, the warthog loving one; the adventures of Bleareyed, Otherwise and Mulledwiney. In Rudolph, the Ressembler, the astute reader will find a new version of Anthony Hope's most popular story, and will understand how much more complicated it might have been had there been three kings instead of only two.

The first of these "condensed novels"—The Jungle Folk—will appear in The Saturday Evening Post of June 30.

Rain Falls in Bombay City.

London, June 27.—The viceroy of India, Lord Curzon, of Kedleston, cables that the monsoon has considerably improved the west coast. Considerable rain has fallen in Bombay City, extending to Berara and the central provinces, while there have been frequent showers in the submontane districts and the northwestern provinces.

Alleged Conspiracy to Rob.

New Haven, Conn., June 27.—Starr L. Pixley, a brother of the late Annie Pixley, the actress, and ticket seller for Buffalo Bill's Wild West Show, was arrested here, charged with conspiracy with Herman J. Leonard and George W. Morrell, New York ticket scalpers, for stealing tickets. The total amount of shortage is \$5,000 in five weeks.

Half Million Not Available.

Columbus, June 27.—The Ohio Supreme court handed down a decision this morning adverse to the Toledo Centennial project. The court holds that the \$500,000 which the centennial board seeks, is not available. The decision will probably kill the centennial movement.

NEW AUDITORIUM  
AT MONONA LAKE

Assembly Will be Opened on July 17—Program Presented is Very Good—Interesting Features.

Madison, Wis., June 27.—The great auditorium for the Monona Lake assembly is nearing completion, and will be ready for the opening July 17. The cost of the structure will be \$10,000 and it will be one of the best of its kind in the country. The roof is trussed, leaving a clear open space 160 feet in diameter. Its seating capacity is between 5,000 and 6,000 all on one floor, and every person within easy hearing of the speaker. The construction is such that it sides can be thrown open in fine weather, and closed during storms. It is an ideal building, unique in arrangement and will well repay one a visit to Monona if for no other purpose than to see it.

The program presented is a good one. Among the prominent names are Gov. "Bob" Taylor of Tennessee, Bishop McCabe, Rev. Sam P. Jones, Rev. Robert McIntyre, Prof. Moses Colt Taylor, Bishop Chas. B. Galloway, Miss Anna Shaw and others.

An interesting feature July 30 will be a political debate between Congressman Landis of Indiana and Clarke of Missouri. These gentlemen are reckoned among the best speakers on the floor of congress and will no doubt put up a lively debate. Eugene B. Cushing, a Chicago attorney, who has just returned from the scene of war in South Africa, gives an illustrated lecture on that country. He was present at several battles and secured many views which he uses in his lecture with good effect. In the evening there will be an exhibition of liquid air, the greatest of recent scientific discoveries, moving pictures, readings, music by South African boys, celebrated soloists and Olander's great band.

Altogether the program is a most interesting and inviting one. James E. Moseley of Madison is the secretary and all inquiries should be addressed to him.

TRANSFER \$71,000,000.

Silver Dollars Taken from Old to New Philadelphia Mint.

Philadelphia, June 26.—Seventy-one million silver dollars have been transferred from the old mint on Chestnut street to the new building at Sixteenth and Spring Garden streets. The dollars were coined as security for the last issue of silver certificates.

Every precaution was taken for the safety of the money. One thousand dollars were placed in a single canvas bag, and the bag was labeled with the number of the counter. The bag was then placed in a small pine box and the box also numbered. Express wagons were utilized in carrying the money from the old mint to the new, 100 boxes being placed in a wagon. Two armed guards accompanied each wagon. The silver vaults at the new mint have a capacity of 110,000,000 silver dollars.

Wheat and Flax Are Ruined.

St. Paul, Minn., June 27.—Reports from North Dakota, Manitoba and northern Minnesota show wheat and flax are a total failure, four days of hot winds having burned up the crops. No amount of rain can revive them. The situation is nearly as bad in South Dakota, but not entirely hopeless. Farmers in the northwest will be obliged to buy wheat for seedling next spring. Two hundred thousand acres of wheat are already plowed up and planted to fodder for cattle. The grass is wholly destroyed east of the Missouri river.

Girl Drowned in "Old Paris."

Paris, June 27.—A fatal accident has occurred at the exposition in the show known as "Old Paris." This structure is built over the river, and as a university professor, his wife and daughter were bending over one of the top stories the balustrade gave way and all three were precipitated into the river. The professor and his wife were found alive, but the girl was dead. It is worth noting that not a single Paris paper mentions the affair, because the show is a heavy advertiser.

Mobile Has a Cloudburst.

Mobile, Ala., June 26.—At 5 o'clock this morning a cloudburst occurred in Mobile, followed by tremendous downpour of rain, which still continues. Every street in the city is submerged. In some places to a depth of five feet. No fatalities have been reported so far. Business in the city is practically suspended. The damage will probably be confined to goods on first floors and basements, but it is impossible at present to estimate the losses.

J. J. Hill Buys the Eleanor.

New York, June 26.—The rumored purchase of Mrs. James W. Martinez-Cardena's steam yacht Eleanor by President J. J. Hill of the Great Northern railroad has been confirmed by the departure of the yacht from Tebo's Basin, South Brooklyn, for the great lakes, where she will be used by her new owner. According to the desire of Mrs. Martinez-Cardena, it is understood the Eleanor's name has been changed to the Waucoita.

Equality on Street Cars.

New Orleans, June 27.—The lower branch of the state legislature has passed the act to compel separate and equal accommodations for blacks and whites on street car lines. The vote was 81 yeas, 6 nays. The senate will probably also pass it.

Dr. Jameson Is Elected.

Kimberley, June 26.—Dr. Jameson has been elected a member of the Cape parliament. There was no opposition.

KNOCKS OUT SHARKEY.

Ruhlin Wins in the Fifteenth Round. Coney Island Sporting Club, New York, June 27.—Gus Ruhlin, scorned New York, June 28.—Gus Ruhlin, scorned by the fighters of the first division less than six months ago and once defeated by Tom Sharkey in a single round, knocked out that same Sharkey after fifteen rounds of terrific fighting at the Coney Island club. He thus accomplished what Champion Jim Jeffries twice failed to do in bouts of twenty and twenty-five rounds, and recorded for the first time a knockout against the rugged sailor. In a single bound Ruhlin emerges from comparative obscurity into a most dangerous challenger for the scepter of champion heavy-weight pugilist of the world, the honor which Jeffries holds. The finish came in a stiff right-hand punch to the jaw after Ruhlin had given Sharkey a thorough drubbing. Surprise in the pugilistic world is universal and all sorts of rosy predictions for Madden's protegee are freely made.

Arrested on Charge of Theft.

Washington, Ind., June 27.—At Odon, fourteen miles north of here, John McNeely, general superintendent of the town's electric light plant, was arrested upon an affidavit charging him with burglarizing William Garten's store. Upon being arrested it is said McNeely wept and confessed to having burglarized five different stores within the last few months. McNeely broke loose from the officers and attempted to escape. Deputy Sheriff Alexander Odell fired three shots at him, none of which took effect. He was rearrested.

Peoria's Police Chief Fined.

Peoria, Ill., June 27.—A fine of \$100 and costs was imposed upon Chief of Police Charles E. Flynn, this being the culmination of a trial in Justice Story's court. A short time ago S. J. Nichols was arrested on suspicion, placed in the city prison and held under orders from the chief that the prisoner must wait until office hours to consult an attorney. Nichols was later released and commenced suit at once.

Dentist's Patient Dies.

Marion, Ind., June 27.—Harry Franz, 14 years old, son of Mr. and Mrs. William Franz of this city, died under peculiar circumstances. He had a tooth extracted, which seem to paralyze his jaw. He retired about 11 o'clock, feeling all right except a numbness of the jaw, and died at 1 o'clock.

## SOUTH CAROLINA CAPITOL.

## The Battle Scarred Statehouse is to Be Completed Soon.

South Carolina is about to complete a public building begun two generations ago, says the Columbia correspondent of the New York World. The change in architecture and in the wealth of the country is demonstrated by the fact that when this building was designed by John H. Niersee of Baltimore it was to be the handsomest and most costly capital of any state in the Union.

On the western end this great granite structure carries the marks of war and battle that will never be effaced and is probably the only statehouse in the country bearing the imprint of cannon shot. These will show to future generations the kind of guns used in the bloody conflict. When General Sherman's artillery reached the hills of Lexington on the opposite side of the Congaree from Columbia and just two miles from the statehouse, that great white structure presented a target that must have been tempting, for several guns were brought to bear, and the shooting was accurate. The building was hit ten times, four of the shells passing through the windows and striking in the interior, while six hit on the outside. But the walls are from four to six feet thick, of granite almost too hard to work, and, excepting for smashing the balusters at one of the windows, no damage was done. The shells just dug out about an inch of the granite and must have left particles of iron imbedded, as the marks are made more prominent by the appearance of iron rust on the white surface.

Stored in the statehouse yard was an immense quantity of sculptured Italian and Tennessee marble and South Carolina granite as well as a quantity of blocks in the rough. These blocks are still in the yard and will be used in the completion. How they were hauled three miles from "Granby quarry," on the Congaree, is puzzling to engineers now. It is said that 60 oxen furnished the motive power, but there is no description of the kind of cart that bore the weight. All the finer materials for decoration were destroyed, including small original and colossal models, statues and original basso-relievo like, nesses of Hayne and McDuffie and the latest and best bust of Calhoun. Architect Niersee in 1865 put the loss by fire and vandalism at \$800,000.

Fourteen years ago work was begun on the completion of the statehouse, it having been made temporarily habitable after the close of the civil war. About a quarter of a million was then spent, but the "reformers" stopped the work, as it was deemed extravagant. It has now been definitely determined to push the work to completion. Designs have been accepted, and work will begin in a few weeks. Much of the material in stone and marble that has been lying on the ground in the statehouse yard for 50 years will be used as it was originally intended.

Nothing is to be done on the west side, so the shell marks will not be removed.

## Slug and Take \$4,000.

Chicago, June 27.—Louis M. Stein, a merchant from South Bend, Ind., was robbed of \$4,000 in cash by two men at Twelfth street and Fifth avenue. He was beaten into insensibility and left in the street. He was found by Policeman Maronde, who helped him to the police station. No arrests have been made.

## Allied Printers in Session.

Would Not Suffer So Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night for fifty times its price.—G. H. Wilson, Liverman, Burgettstown, Washington Co., Pa. ## THIS DAY IN HISTORY.

1709—Battle of Pultowa; rout of the Swedes under Charles XII by the army of Peter the Great.

1820—James Smithson died in Genoa; born 1765; natural son of the third duke of Northumberland and a lady of noble blood descended from the Percys; left \$600,000 to found the Smithsonian institution. Smithson derived his name from his father, Sir Hugh Smithson. The scientific fame he acquired was of the highest, and at one time he wrote, "My name will live in the memory of man when the titles of the Northumberland and Percys are extinct and forgotten."

1873—William Powers, American sculptor whose "Greek Slave" gave him worldwide fame, died at Florence, born at Woodstock, Vt., 1805.

1876—Harriet Martineau, the English writer, died at Ambleside, born 1776.

1893—San Francisco street by a fire which destroyed nearly \$10,000,000 worth of property. In 1850, 1850 and 1851 the city was visited by five fires, causing an aggregate loss of \$16,000,000.

## MR. WHITEHEAD'S STRENGTH

Here is a La Follette estimate of Mr. Whitehead's strength: W. H. Bennett, editor of the Mineral Point Tribune, one of Mr. La Follette's managers, is quoted by the Monroe Evening Times as saying that he is satisfied that Mr. La Follette will go into the convention with more votes than are received by any of the other two highest candidates combined, and counts on no less than 450 for La Follette. He thinks Bradford and Whitehead will lead the other candidates against La Follette on the first ballot, but he is confident that La Follette will win on the second ballot.

## The Whitewater Register thinks

Senator Whitehead's chances are excellent, saying:

The drift of sentiment in favor of Senator Whitehead for governor is steady and strong. His splendid record as Madison is telling in his favor, and the more it is understood the more pronounced is the feeling that he is the right man for the office.

## The Racine Journal is strong in its

faith in Senator Whitehead, and thinks he will have the First District support. The Journal says:

Despite the assertions of Mr. La Follette and his assistants the First district will give him no fifty-six votes. This district will give Mr. Whitehead 112 votes, all it has.

## The Warrens Index has a word or two

to say on the subject of the support that is due a home candidate, as follows:

It is the proper thing for Monroe county to support Bradford, the home candidate, a clean, honest, able man, who has always worked for the interests of the party and has never been found in an attitude that might be construed as sulking. It is at least proper to support our home candidate, for if we do otherwise and Bradford wins, our county will be greatly blamed, and "in the soup," while, if any other candidate wins she cannot be blamed for supporting the home candidate.

## Admiral Cotton is the guest of the

City of Milwaukee during the carnival. Cotton is certainly a very dry name for a sailor—especially at the famous carnival of the famous city.

## The Hon. Cornelius Buckley was up

from Beloit yesterday, but so far as we are able to learn he issued no positive orders to his faithful Janesville democratic henchmen.

## The fact that the Secretary of the

Navy has formally ordered a protected cruiser named Milwaukee will doubtless revive the old joke about schooners, etc.

## The stockholders in the New York

Democratic Tammany ice trust are also strenuously opposed to trusts—unless they own them.

## No one will take issue with Carter

Harrison because of his statement that he "isn't a Teddy Roosevelt."

## Mexico is now the only country in the

world of any commercial standing which remains on a silver basis.

## Young Mr. Towne, apparently, has

been wiped off the democratic map.

## The Milwaukee carnival is now in full

blast.

## The school house to be built on the

lot donated by ex-Mayor Thoroughgood

should be called "the Thoroughgood school." The name "Jackson school" is all right, of course, but Andrew Jackson never made the city of Janesville a present of a piece of real estate.

## HARLAN E. CARY AND CLARA A. STAPLES

Will be Laid in Marriage by Rev. W. W. Woodside This Evening.

At 8 o'clock this evening Rev. W. W. Woodside, pastor of the Methodist church of this city, will pronounce the words that will unite Harlan E. Cary and Clara A. Staples as husband and wife. The ceremony will take place at the home of the bride's parents, 254 South Bluff street. The young couple have the congratulations of a large circle of acquaintances, who wish them a happy married life. Mr. Cary is a young man of sterling character and is in the life insurance business in this city. Miss Staples is a young lady of true worth and merit and her happy disposition has made her many friends. After a short wedding trip they will be at home in this city.

## Barliss-Hamilton

David Barliss, of the firm of Barliss & Lamb, and Mrs. Jennie Hamilton were married this morning in Milwaukee. The bride and groom are both well known in this section of the country. Mr. Barliss is one of Rock county's prominent farmers and has lately moved into the city and engaged in the farm implement business with J. W. Lamb on Court street. Mrs. Hamilton has conducted a select boarding house in this city for a number of years and at present is located on South Main street. The happy couple have a large circle of acquaintances who wish them much joy.

## Sheridan-McCue

John Sheridan and Margaret McCue were married at St. Patrick's church this morning.

## FRED PALMER BROKE HIS ARM

A Serious Fracture Which Will Lay Him Up Some Time.

Fred Palmer, son of ex-Street Commissioner George H. Palmer, while at the home of his parents, corner of Milton avenue and Glenn streets, fell and broke both bones of his right forearm. It is a very serious break and will lay the young man up for some time. Dr. J. B. Whiting Jr., was called and reduced the fracture which he thinks will mend and he will be all right in course of time.

## THE CIRCUS PARADE TO GO ON SYSTEM

ALL FEATURES MUST BELIST-  
ED WITH THE COMMITTEE

Time Will Be Valuable at the Last  
Moment, and Everything Must  
Move Like Clockwork in Order  
to Prevent Confusion—Meeting on  
Thursday Evening.

A meeting of all the people who are  
desirous of taking part in the Fourth  
of July circus parade will be held at  
the Gazette office tomorrow, (Thursday),  
evening, and all interested are urged  
to be present. The committee  
finds it difficult to secure the number of  
horses needed, and would like to hear  
from everyone who can furnish teams,  
single horses or rigs complete. As the  
success of the parade depends upon the  
horse problem, it is hoped that all who  
can lend a helping hand will do so. The  
circus committee has been allowed but  
\$150 for the expenses of the parade, and  
with this sum must be bought all the  
flags, signs, banners, plumes and other  
decorations not to speak of meeting all  
the incidental expenses. It will there-  
fore be seen that the committee must  
guard the expenses closely, and it is  
hoped that the people will aid in every  
way possible.

All persons who desire to take part in  
the Fourth of July circus parade are in-  
vited to do so, but are also requested to  
notify any member of the executive com-  
mittee having the parade in charge, C.  
B. Bostwick, C. H. Gage, H. H. Bliss or  
B. F. Nowlan. It is necessary that all  
arrangements for the circus be made  
systematically, and the rule is that all  
attractions must be arranged for, ac-  
cepted, and listed with the committee.  
This rule must be followed, as the  
parade cannot be gotten together, the  
trimmings put on the wagons, etc., and  
the parade started in time unless every-  
thing is arranged in advance, and on a  
system that will do away with all con-  
fusion. As there are likely to be one  
hundred or more wagons in the parade,  
not to speak of the other attractions, the  
necessity for the above regulations will  
be fully understood.

Notify the Committee  
The parade features are in charge of  
Chairman Bliss, Mr. Bostwick, and Mr.  
Gage with their sub-committees. Tell  
what you have that can be used, or what  
you want to get up for the parade. The  
executive committee will then decide,  
and list your attraction with Mr. Now-  
lan, who has charge of the organization  
of the exhibits. Mr. Nowlan will then  
make out a card in triplicate, giving the  
number of the attraction in the parade,  
the signs, flags, banners, etc., and other  
details. One of these cards will be given  
to the exhibitor, and the other two will  
be filed. Thus there will be a record of  
every feature in the parade, complete  
with the list of all necessary features  
therefor. All the trimmings for each  
wagon will then be gotten together and  
tagged. When the parade is forming  
at the headquarters, the participant, or  
the driver of the wagon, as the case may  
be, will show his card to Mr. Nowlan,  
who will then issue the decoration if any  
are necessary, of the corresponding  
number; see that they are properly at-  
tached; that the wagon or other  
feature gets its proper position in the  
parade, and that the whole outfit starts  
off on time and in the right order.

Time Will Be Valuable  
Under this system everything will go  
like clockwork, but under any other  
there would be no end of trouble and  
confusion when time is most valuable.  
It is the experience of the committee,  
the same gentlemen having managed the  
parade of last year, that no other plan  
can be followed. The parade of last  
year started five minutes before the ap-  
pointed hour, but this would have been  
impossible had not every detail been  
arranged many hours in advance.

The rule that no wagon or other at-  
traction will be allowed in the parade  
unless the same has been listed and ar-  
ranged for in advance may appear some-  
what arbitrary, but it will readily be seen  
that such is not the case. To get up  
the circus parade is a big undertaking  
and confusion at the last moment means  
delay if not failure. The gentlemen  
having the affair in charge have learned  
by experience and know best how the  
project will be handled.

Want All to Take Part  
Give the committee all the aid and  
all the suggestions you can, but observe  
the regulations extended. The invitation  
to participate is extended to all Rock  
county, but the committee must be con-  
sulted first in every case, for the reasons  
mentioned. No attraction can go into  
the parade without a card, and no cards  
will be issued after the morning of July  
3.

The prize offer for a band of cowboys  
for the morning parade on the Fourth  
of July has been withdrawn as the cow-  
boys are to take part in the circus. Dr.  
E. D. Roberts, Frank Mount and Ed  
Hyde have the management of the fea-  
ture of the circus parade, and all who  
desire to act as cowboys or Indians  
should notify any of these gentlemen.

Al. Smith on the bridge has ordered a  
supply of fancy horse nets, on consigna-  
ment for the Fourth of July. While  
the circus committee cannot afford to  
supply these nets to the various attrac-  
tions in the parade, all individuals who  
desire to make their turnouts complete,  
can secure the nets from Mr. Smith.

Newark Will Celebrate Fourth.

The citizens of the town of Newark  
will celebrate the glorious Fourth by an  
old fashioned basket picnic in Cox's  
grove near the Newark postoffice. A  
program has been arranged consisting  
of an address by County Clerk F. F.  
Starr. Various games and sports will  
be indulged in. A band will be in at-  
tendance during the entire day.

JOHN AMUNDSON and Charles Allen,  
two Beloit fishermen, felt the heavy hand  
of the law last Saturday on account of  
illegal fishing. Game Warden Rote  
dropped in on them and charged them  
with maintaining a set line. They  
pleaded guilty and were each fined \$25  
and costs by Justice Kendall.

THE Annual Lawn social given by the  
Young Ladies' Sodality of St. Patrick's  
church on the parsonage lawn last eve-  
ning was a success. The weather was  
perfect for ice cream and the lawn was  
crowded most of the evening. Smith's  
orchestra furnished the music for the oc-  
casion.

young man well known in the city and  
is thoroughly acquainted with the con-  
fectionary and ice cream business and  
will at all times carry a complete stock.  
His many friends wish him success in  
his new venture.

## HOW C. W. BILLINGS CAME TO HIS DEATH

RUN DOWN BY A TRAIN ON A  
BRIDGE.

Was Crossing the Trestle with His  
Wheel and Could Not Get Out of  
the Way, Being Killed Instantly—  
Funeral Was Held on Last Fri-  
day.

In a letter just received from Mrs. C.  
W. Billings, formerly of this city, but  
now living at North Pomona, Cal., she  
gives some of the details of the accident  
which resulted in the death of her hus-  
band.

It seems that he was returning on his  
wheel from Pasadena on Wednesday eve-  
ning last and was crossing a low rail-  
road trestle when suddenly a train came  
around a curve right upon him. He at-  
tempted to throw his wheel over the  
trestle and then jump himself, but in  
some way he either slipped or stumbled  
and fell before the train and was killed  
instantly.

The funeral was held on Friday last,  
the interment being at North Pomona.  
Mr. Billings had just made arrange-  
ments to move his family to Pasadena  
and at dinner with friends in the latter  
place on the evening of the accident he  
was telling how his business plans were  
succeeding and how he should at once  
move there with his family.

Mrs. Billings has not yet decided  
what move to make with her family, but  
one possible change is to return to  
Janesville and her many friends here  
hope this plan may be followed.

## THE LEWIS KNITTING WORKS

Enough Orders on Hand to Keep Force  
at Work Rest of Year

Extensive improvements are being  
made in the plant of the Lewis Knitting  
works. An immense number of orders  
have been received and in order to supply  
the demand it has been found necessary  
to enlarge the works and put twenty-  
five new hands at work. Enough orders  
are now on hand to keep the enlarged  
force at work for the balance of the  
year.

## EVANSVILLE MAN MADE PRESIDENT

Central Wisconsin Doctors Hold Their  
Annual Meeting at Madison—  
Janesville Next Year.

Madison, Wis., June 27.—Fifty doc-  
tors attended the annual meeting of the  
Central Wisconsin Medical Society here  
yesterday. Dr. J. M. Evans, Jr., of  
Janesville was elected president, suc-  
ceeding Dr. J. P. Pember of Junesville.  
Other officers elected are:

First vice president, Dr. John E. Dold, La C.  
Genova; second vice president, Dr. J. A. J. K.  
son, Madison; third vice president, Dr. W. E.  
Fisher, Janesville; fourth vice president, Dr.  
C. A. Road, Redbank; secretary, Dr. Carl K.  
Candor, Redbank; Dr. S. B. Buckmaster, Janes-  
ville; Dr. J. P. Bonnett, Beloit; Dr. Clarke  
Gapeau, Madison; secretary and treasurer, Dr.  
C. S. Sheldon, Madison.

A discussion of pre medical and medi-  
cal education occupied the meeting, the  
leaders in the discussion being Drs. W.  
H. Washburn and W. H. Earles of Mil-  
waukee, C. S. Sheldon, Fross, B. W.  
Snow, H. L. Russell, W. S. Miller and  
W. D. Frost, Madison. The professors  
gave a demonstration of the methods of  
instruction in the pre-medical depart-  
ment of the university with which they  
are connected.

Dr. Lyman, superintendent of the  
State Hospital for the Insane at Men-  
dota, entertained the doctors at a ban-  
quet yesterday afternoon. Dr. J. A.  
Jackson of Madison acted as master.  
Forty-five were at the board.

Drs. T. H. Price of Palmyra and E.  
E. Loomis of Janesville, joined the so-  
ciety, bringing the membership to 150.

The Wisconsin Medical society will  
hold its next meeting in this city on the  
last Tuesday of September. The soci-  
ety is composed of 150 of the leading  
physicians of the state, which means  
that Janesville will entertain a large  
number of the most prominent profes-  
sional men in the state.

Janesville physicians were well rep-  
resented at the annual meeting held at  
Madison yesterday and it was of un-  
usual benefit to those engaged in it. The  
session was devoted to the study of the  
pre medical department of the State  
University. The boat ride and the ban-  
quet given at Mendota Hospital were  
delightful features.

Those from this city were Dr. and  
Mrs. J. F. Pember, Drs. W. H. Judd,  
W. H. James Mills, A. B. Buckmaster  
and E. E. Loomis.

## LARGE EXCURSION FROM WATERTOWN

Will Arrive in Janesville Sunday Morn-  
ing, July 1—Picnic at Crystal  
Springs Park.

A large excursion from Watertown,  
Wis. will arrive in this city Sunday  
morning, July 1st. A special train will  
leave Watertown at 8 o'clock. They  
will be accompanied by a band and after  
making a parade will march to the  
steamboat dock where the Columbia will  
be in waiting to convey them to Crystal  
Springs. Captain Buchholz is making  
preparations to carry 500 people. The  
train for the return trip will leave the  
station at 9:30 in the evening. Captain  
Buchholz resort is becoming famous  
around the country and is one of the  
finest places on the river. The Captain  
reports this to be the first of a number  
of excursions he is arranging to have  
come from surrounding towns during  
the summer.

## NEWS OF A PERSONAL NATURE

DAVID TENNANT, son of Mrs. Mary  
Tennant, is visiting in the city the  
guest of his mother. Mr. Tennant has  
just graduated from Olivet College,  
Olivet Michigan, in the scientific course.  
Mr. Tennant won two of the honors con-  
ferred by the college and has been  
offered the position of laboratory assist-  
ant in biology at Johns Hopkins univer-  
sity at Baltimore. This is a very fine  
position and carries with it rare educa-  
tional advantages.

Mr. and Mrs. Willet Decker were  
pleasantly surprised last evening by the  
Young People's Society of Trinity  
church. Will Drummond entertained  
the party with his gramophone. Ice

## TANBERG-GEORGE WEDDING

Were United By the Rev. J. S. Stone in  
Chicago Yesterday.

At Trinity parsonage, Chicago, yester-  
day afternoon, Rev. J. S. Stone,  
united in marriage Miss Charlotte Tan-  
berg of this city, and Charles George of  
South Evanston, Ill. The couple were  
accompanied by the bride's brother,  
Clayton Tanberg of this city. The  
bride is the youngest daughter of Mr.  
and Mrs. C. E. Tanberg of this city,  
where she has many friends. The groom  
is an engineer in the employ of the C. &  
N. W. R. W. Co. After a visit to Buffalo  
they will return to Janesville to reside  
and will go to housekeeping on South  
Main street.

She Keeps Cool Now  
I thought I'd die I was so warm, un-  
til I got me a kimono, said a first ward  
lady of prominence. "I do hope this  
hot weather will continue." "Where  
did I get it?" "At Bostwick's; they  
have beauties, made of fine muslin,  
either white or colored, also outing  
flannel." "Have you seen their pretty  
new dressing saques?" And the phone  
was disconnected.

## WINONA GOLF CLUB TO PLAY A MATCH

Will Be Here About the Last of Au-  
gust—Garden City List of  
Entries.

Secretary Baker of the Winona  
Golf club, has received a letter from the  
secretary of the Meadowbrook Golf club  
of Winona, Minn., saying their team is  
arranging a trip through this section of  
the country during the week of August  
20. They are desirous of arranging a  
team match with a team from the local  
club, to take place on the Buckleton  
links during that week. Secretary Ba-  
ker has written them, that the Sinni-  
ssippi club is open for engagements and  
will play as many men on a side as they  
desire. The Siniissippi club under the  
direction of Mr. Foulis, the professional,  
has developed enough players to allow  
them to furnish a team of from twelve  
to twenty players that would be reason-  
ably certain of success on their own  
course.

Secretary R. B. Kerr, of the United  
States golf association, has published a  
list of the entries for the amateur golf  
championship which is to be decided  
next week upon the Garden City links.  
There are 116 entries which include all  
the leading experts in addition to such  
stars as Walter J. Travis, champion of  
the metropolitan golf association, Her-  
bert M. Harriman, present amateur  
champion, Fodday S. Douglas, former  
amateur champion and Percy Pyne,  
entire collegiate champion. Consider-  
able interest is taken in the outcome of  
this event by local golfers as Albert  
Schaller is entered representing the  
Siniissippi club and leaves tonight for  
the east. The Milwaukee Country club  
is also represented by Louis Allis, L. T.  
Boyd and J. W. Mariner, the crack  
players of the club who are well known  
to Janesville players.

## Funeral of Mrs. Cassoday

The funeral of Mrs. Cassoday, wife of  
Chief Justice Cassoday, will be held  
from the family home in Madison, on  
Thursday afternoon at 3 o'clock. The  
interment will probably be in this city,  
the old home of Mrs. Cassoday.

## IS NOW BETWEEN SCHALLER AND DUNN

F. B. Echlin Defeated in the Semi-  
Final for Richardson Golf Tro-  
phy by Chas. Dunn.

The ownership of the Richardson golf  
trophy for the ensuing year has sim-  
mered down to Albert Schaller and  
Charles Dunn. In the semi-finals for  
the trophy Schaller defeated F. J. Baker  
and Charles Dunn defeated F. B. Echlin.  
The contests brought out some fine  
plays and in both contests the man with  
the smaller handicap won out. Schaller  
played at scratch and Baker had a han-  
dicap of 8. Dunn had a handicap of 4  
and Echlin 12. A great many surprises  
have been developed in the play for the  
trophy. In most every case the parties  
selected to win have lost. It has been a  
bad race for the favorites.

Robert Foulis, the professional now  
at the club grounds, played an 18 hole  
match against the better ball of J. P.  
Baker and F. E. Fifeid. Foulis won by  
2 up but the amateurs gave him a close  
game.

## THE SECRET OF OSTEOPATHY

is in the correction of any displacement,  
or obstruction, which is in any way in-  
volving infringements upon the blood  
and lymph circulation or the action of  
nerve force. Osteopathy considers the  
spine and ribs as important parts of the  
skeleton because lesions in this region  
whether muscular or osseous, affect  
very seriously the organic centers in  
the spinal cord, the medulla, and the  
brain at the basis of life, and interferes  
with the nutritive influences that supply  
functional activity to all organic life.

That structural disorders affect the  
internal organs of the body cannot be  
doubted.

Osteopathy aims to correct tissue con-  
traction or displacement, so that when  
the tissues and bones are restored to  
their normal position and function, na-  
ture may resume its normal activity.

## LATE TELEGRAPHIC NEWS.

## ALSCHULER IS NOMINATED

By the Democrats for Governor of Illinois.

## ORTSEIFEN STOOD SECOND.

Alsichuler Surprised Some of His Friends by a Good Showing on the First Ballot—Prohibitionists Nominates J. G. Cunningham of Urbana for Governor.

Springfield, Ill., June 27.—Samuel Alsichuler was made the Democratic nominee for governor this evening on the second ballot. The convention then took a recess over night to work out the remainder of the ticket.

Mr. Alsichuler surprised some of his own friends with 429½ on the first ballot, against 412½ for Mr. Ortseifen, 241 for General Orendorf, 54 for Judge Worthington, 42 for Mr. Ladd and 5 for Mayor Harrison. On the second ballot he had 610½, against 418½ for Mr. Ortseifen, 148 for General Orendorf and 29 for Judge Worthington.

Second ballot: Alsichuler, 610½; Ortseifen, 418½; Orendorf, 148; Worthington, 29.

The opening plank of the declaration of principles reads: "We, the democrats of Illinois, in convention assembled, do hereby reaffirm and indorse in whole and in all its parts in letter and in spirit the democratic national platform of 1896." The other planks condemn trusts, the present administration at Washington, are anti-imperialistic and express sympathy for the Boers. Submission of the question of franchise extension to a vote of the people is favored. Finally, the resolutions indorse William J. Bryan for the nomination at Kansas City next week for president and instruct the Illinois delegation to vote for him.

The following were selected as delegates-at-large to the national convention: C. H. Harrison, A. S. Trude, Ben T. Cable, J. R. Williams.

The ticket will probably be completed with the following who are on the slate: For lieutenant-governor, Howard S. Taylor of Cook county; for attorney-general, James Todd of Cook county; for secretary of state, James O'Donnell of McLean county; for treasurer, M. F. Dunlap of Jackson county; for auditor, George Parsons of Gallatin county.

## First Session.

Springfield, Ill., June 27.—Walter Watson of Mount Vernon, called the Democratic convention to order as chairman of the state central committee at 12:15 o'clock. He introduced Rev. F. W. Taylor of St. Paul's Episcopal church, Springfield, who offered a prayer. Secretary Fred E. Eldred of the state committee, read the call until he was stopped by the usual motion to dispense with it. Thereupon Chairman Watson presented the choice of the state committee for temporary chairman, representation Elmore W. Hurst of Rock Island. The selection of John M. Rapp of Fairfield, for temporary secretary, and William J. Roach of Chicago, and Lawrence Stringer of Lincoln, as assistants, and John A. Logan of Elgin as sergeant-at-arms, was also announced. Temporary Chairman Hurst then delivered his address.

The decorators of the convention hall showed plainly their choice for governor. Alsichuler was the only candidate whose portraits were visible, and not less than twenty-five were hung over the stage, around the balconies and in the galleries. Portraits of Jefferson, Jackson and Bryan were exhibited, but all the rest were those of Alsichuler.

The only Democratic governor Illinois has had since 1856 was not honored to the extent of having his portrait hung in the convention hall, although a life-sized oil portrait of him hangs on the floor below in the governor's quarters. Ex-Gov. Altgeld apparently had no friends on the decoration committee.

During the time the committees and delegates from the various congressional districts were caucusing in the ante-rooms the Alsichuler band took possession of one of the galleries and proceeded to entertain the wait. The platform was filled with distinguished guests, and the top galleries were filled in half an hour after the crowd began to come. The facilities for handling a crowd are very limited and not over 300 spectators could gain admission to the hall, notwithstanding the fact that some 800 or 1,000 tickets were issued in Springfield.

Mayor Harrison of Chicago came into the convention at a minute or two before 12 o'clock, and stood in the rear of the hall shaking hands with the country delegates for some time, but there was no demonstration when he entered the hall and took his seat.

## Sketch of Mr. Alsichuler.

Aurora, Ill., June 27.—The news of the nomination of Samuel Alsichuler of this city for governor on the democratic ticket was received in this city with enthusiasm. The streets were crowded with people of all political factions, who shouted themselves hoarse, and the ringing of the city hall bell, together with shooting of firecrackers, added to the enthusiasm.

Mr. Alsichuler was born in Chicago on Nov. 20, 1859. Two years later the family moved to Aurora, where his father, Jacob Alsichuler, engaged in

the mercantile business, and later in the real estate business. Mr. Alsichuler received his education in the public schools and the East Aurora high school. He studied law with Captain A. C. Little, and was admitted to the bar in 1880. He practiced alone for ten years, then formed a partnership with John C. Murphy in January, 1890. Mr. Murphy, who was admitted to the bar in 1882, was United States attorney for the territory of North Dakota from 1884 to 1890. Later he returned to Aurora and subsequently was elected mayor.

Jacob Alsichuler, father of the gubernatorial candidate, died four years ago. Mr. Alsichuler is unmarried and lives with his mother, an unmarried sister, and two brothers, Benjamin P. and George W. Alsichuler. They have one of the most beautiful homes in Aurora. Their home life is peculiarly happy. Mr. Alsichuler is of a kindly disposition and of a genial, social character. He is a Mason, a Knight of Pythias, a Woodman, and a member of the Froquois club of Chicago and the City club of Aurora.

In personal appearance Mr. Alsichuler reminds one more of the profession he adorns than of anything else. He is about 5 feet 10 or 11 inches in height, fine physique, and able to undergo any amount of mental or physical fatigue. Travel incident to a campaign will have no terrors for him. Mr. Alsichuler is an exceedingly approachable man, and has the happy faculty of making friends at all times. His features give evidence of his German parentage.

He served two terms in the general assembly of Illinois.

Mr. Alsichuler speaks German fluently. He has always been active in Democratic politics. In 1896 he was elected to the legislature and was re-elected in 1898. In July, 1893, Governor Altgeld appointed him member of the court of claims.

## ILLINOIS PROHIBITIONISTS.

State Convention in Chicago Nominates a State Ticket.

Chicago, June 26.—The Prohibitionist state convention today nominated the following ticket: Governor, J. G. Cunningham, Urbana; lieutenant-governor, John A. Henderson, Sparta; secretary of state, B. J. Radford, Eureka; auditor, James A. Stone, Bradford; attorney general, Frank S. Regan, Rockford; treasurer, H. S. Parmelee, Chicago; trustees state university, George Bloomer, Elvira S. Stewart and Mrs. Mary Smith; electors at large, W. P. Throgmorton and H. M. Bannen.

The convention could not have run more smoothly. The slate was fixed last night by the advance guard of the party's heavy weights, and it went through without a jar. It was a big convention. Sixteen hundred and fifty-one delegates were there. There have not been so many Prohibitionists at an Illinois state political gathering since 1892.

One-fourth of the delegates are women. They didn't seem to cut much figure in the proceedings, however. Only one of them succeeded in getting her name on a committee, one was nominated to an office and none was chairman of the many district and county caucuses. The platform declares for single issue.

## Arkansas Democrats.

Little Rock, Ark., June 27.—The Democratic state convention nominated a state ticket. The ticket was not completed owing to a wrangle over allowing the vote of Mississippi county to be cast by a proxy for state auditor. This ticket was nominated: For governor, Jeff Davis; for secretary of state, John W. Crockett; for attorney general, George W. Murphy; for state treasurer, Thomas E. Little; for commissioner of lands, J. W. Colquitt; for state superintendent of public instruction, J. J. ## To Quit Labor Body.

Chicago, June 27.—The Bricklayers and Stone Masons' union, one of the most powerful organizations in the Building Trades council, has decided to withdraw from the council. It is asserted that notice of withdrawal will be served on the officers of the central body at the meeting of the board of business agents at once. The action of the union was the result of the report of the conference committee in which a recommendation was made that the union sever its connection with the central body because that organization had been unable to bring about a settlement of the labor troubles.

## Slain by Masked Men.

Harvey, Ill., June 27.—On the Grand Trunk railroad near this place was found the dead body of Lewis Ambio and the unconscious form of his brother Samuel, with their pockets turned wrong side out and their valuables missing. They were the victims of robbers, who set upon them and beat them down with clubs shortly before daybreak.

## Verdict for Miss Bradley.

Portland, Ind., June 27.—Miss Louise Bradley of Chicago, who sued David E. Studebaker, son of the Deatur banker, for \$10,000 for breach of promise in the local courts, was given a verdict for \$1,625 by the jury.

## FIFTY WHITES MURDERED.

Great Rebellion in the Island of Baratonga.

## OVER THE SABBATH QUESTION

The Greatest Carnage Is Being Witnessed—A Struggle Between the Populace and the Aristocracy—Appeal to Be Made to Great Britain.

Seattle, Wash., June 27.—One of the strongest rebellions that have taken place in the last 100 years is in full swing at Baratonga, an island under the British flag in the South seas. Advances from the orient say the uprising has spread over the whole island. The natives are advancing on the European settlements along the coast and are threatening the capital. It is a struggle between the populace and the aristocracy—the traders.

The inhabitants of the island were originally brought in touch with civilization through the efforts of missionaries, who set the usual London Sunday for service. At the 180th degree of longitude the day jumps back twenty-four hours. Since discovering the early mistake the Christian leaders of the island attempted to rectify it. The move made the natives superstitious and aroused a sullen resentment. Now this has changed to active hostilities, and thinking that the white people were deceiving them all along, the natives are butchering and murdering on all sides.

The greatest carnage is being witnessed. Over fifty Europeans have been killed. At the last reports they were fortifying various coast towns and were preparing for a desperate resistance. All the business houses and government headquarters in the island have adopted the new Sunday, and are siding with the whites. An appeal will be made for assistance from Great Britain.

## BOERS HARASS BRITISH.

Commandoes in Orange River Colony Doing Effective Work.

London, June 27.—The Boer commandoes in the eastern part of the Orange river colony appear to have been broken up by their leaders for the time into small parties that harass large columns of the British, incessantly cutting off scouts, snipping pickets, making a show of force here and there and bewildering the slow-moving bodies. Commandant Christian de Wet, General Steyn's principal commander, is the genius of these guerrilla operations. He is the hero of the Boer side in these last days of hostilities.

Lord Roberts' columns are steadily contracting the circle of their advance.

Transvaal officials, who were interviewed at Machadodorp by a correspondent of the Daily Express, asserted an intention to hold out to the last. President Kruger will probably retire to Waterval Onder or Nelspruit. His physician thinks his condition of health will not allow him to go to the high veldt.

Commandant General Botha is uncommonly active east of Pretoria.

## Increased Tax on Chinese.

Ottawa, Ont., June 27.—The China restriction bill, increasing the tax on Chinese immigrants from \$50 to \$100, has been practically adopted by the house of commons. The measure also restricts the immigration of Japanese to \$12 per month.

## Secrets.

Women can keep secrets. They often keep secret for a long time the fact that they are suffering from drains, inflammation, ulceration, or female weakness. But they can't keep the secret very long, because the hollow eyes, cheeks that have lost their freshness, and the irritability which comes from sorely tried nerves, all conspire to publish the story of suffering. The usual motive for such secrecy, dread of indecate questions and offensive examinations, is removed by Dr. Pierce's methods. Diseases of the woman's organs are perfectly cured by the use of Dr. Pierce's Favorite Prescription. Sick women can consult Dr. R. V. Pierce, Buffalo, N. Y., by letter, free.

"Your wonderful medicine," Favorite Prescription," writes Mrs. C. N. Anderson, of Rockbridge Baths, Rockbridge Co., Va., "is a God-send to weak and sickly women, restoring good health without subjecting their weak nerves to the shock of an examination. I was all run down in health; could not work but a short time without resting. Was very nervous and very poor appetite. I decided to write to Dr. Pierce and state my case, and am thankful that I did. I received a favorable reply. I took six bottles of 'Favorite Prescription,' one of Gold's Medical Discovery, and one of 'Pell's,' and I can now work as well as I could before I was taken sick. I think Dr. Pierce's medicine is the best in the world for sick and nervous women."

## BUSTLE AT KANSAS CITY

Great Activity at Democratic National Convention Bureaus.

OIVIO PRIDE BUTTONS TAKE.

Idea Appealed to Popular Mind, and Good Prices Were Paid—Pennsylvania to Come in Numbers—To Spend \$1,500 in Decorations—Sovereign of Convention to Be Prepared.

The bureau of information of the national Democratic convention is a busy place these days, says the Kansas City Times. Carpenters are at work placing a railing around the entire east and north side of the room, back of which is a horizontal piece of board about two feet wide which will serve as a desk upon which to place bureau of information literature or which the clerks may use to write directions upon for the guides in assigning rooms to visitors. The whole affair is designed to serve to keep the crowd in the space occupied by the clerical department of the bureau.

Rooms continue to come in to be listed on the bulletins, and it requires all the time of one person to answer questions and wait while the various ladies make up their minds as to whether they ought to charge 75 cents or \$1 for this room or that and solve innumerable other such stupendous, perplexing questions. In the space of an hour may be seen a real kaleidoscope of human nature, some affording amusement to vary the monotony of the routine, others making it much harder.

The bureau has scored one triumph at least in the matter of exorbitant charges for rooms. The Chicago Journal has addressed some quite emphatic letters to the committee in regard to the reports of high prices for rooms. These were courteously replied to, and prices which are considered by the committee very reasonable were named. The other day The Journal wrote to the bureau in a very gentle tone complimenting its work in holding prices down and stating that if all departments were doing their work as efficiently as the bureau of information appeared to be doing there would not be the trouble that is anticipated at Kansas City.

Word has been received from the Pennsylvania delegation to the effect that a special train will leave Philadelphia at 12:30 Friday, June 29, in sections, carrying 64 delegates and invited guests numbering at present in all about 300. They expect to arrive over the Missouri Pacific Sunday morning, July 1. The half rate which has been made by the railroads to Kansas City is such an inducement to everybody who can leave home that the chairman of the committee expresses the opinion in a letter that the number from Pennsylvania may be swelled to 500, all of whom will be the leading Democrats, and who will stay all or part of the week in Kansas City.

The Indianapolis Press has asked an option on three rooms at the Coates House for its representatives, and the Boston Journal and many other eastern papers have asked similar options. Five hundred commercial travelers and hotel men will arrive in one bunch, and the Bryan Home guards of Lincoln, Neb., will come 200 strong and will stay in their special cars. The Tammany crowd will roll into Kansas City, if nothing happens, on the morning of July 3 in two special trains, which will be gayly decorated.

The civic pride button appears to be one of the most successful money makers which have yet emanated from the active brain of a convention worker. A member of the committee said recently that 25 buttons bearing special numbers had been sold during the day at \$5 apiece. No matter how urgent the demand, no more than the first 2,500 will be made.

In order that the country papers may publish the information concerning these buttons so that those who come to the convention will know their use the bureau has got up a circular containing a copy of the newspaper stories which have been printed about the buttons and giving a drawing of one and is inclosing it with the bulletins and letters sent about the country.

The convention committee is meeting almost every day to discuss the work as it progresses. The hall, being unfinished on the inside, will require more money to decorate than if all was completed. The plan at first to spend about \$2,500 in making it attractive will probably be changed and only \$1,500 used. As the time for the convention approaches expenses grow heavier, and much that was not thought of at first arises each day and requires time and attention. The electric light company has made the using of arc lights impossible on account of the high rate they charge for such service, and it has been necessary to plan the illumination with incandescent lights. While they may not be as bright, the committee believes they will make a more striking appearance if used in sufficient numbers. Particular attention will be paid to the lighting of Main street from Seventh to Thirteenth, Walnut street from Seventh to Twelfth, Ninth street from Main to Broadway, Twelfth street from Main to Walnut and Baltimore avenue between Eighth and Ninth streets. The proprietors of stores and owners of property have been asked to assist in lighting along these streets and avenues.

For several weeks the committee of the convention has been at work compiling a souvenir of the convention, which will be circulated through the American News company and placed

on sale at hotels, railroad stations, on trains and at every place possible for 10 cents. Particular attention will be given to the sale of them on incoming trains, as they will contain, among other things, directions as to how to find the bureau of information, the hotels, convention hall, the postoffice, besides the names of delegates from every state, portraits of leading Democrats who will attend the convention and the campaign song, which will be dedicated to the convention and sung through the campaign. It will also contain a handsomely illustrated history of Kansas City and her growth and bright, short articles on campaigning by Hon. William J. Bryan, Hon. William J. Stone, William Allen White of Kansas and others, a large key map of the city and all railroad time tables.

One hundred thousand souvenirs will be got up, and it is expected that this will not supply the demand.

## MISSION STATIONS GUARDED

How Catholics in Kiang-Nan Prepare for the Boxers.

The Rev. C. Frin, S. J., of the Catholic mission of Kiang-Nan, where there is now danger from the Boxers, has written an account of how the members of his community meet all attacks of the natives, says the New York Tribune. He says:

"These sections of our mission which border on southern Changtung are no less infested with bands of robbers and murderers than Changtung itself. These brigands organize in regular companies under a supreme chief and subordinate leaders. They live together in villages and districts, which become their headquarters. At ordinary times they attend to their usual work at home and in the fields and behave to all appearances like peaceful citizens. But suddenly an order comes to take the field, and then they march forth in a body, impose contributions on other villages, burn and even kill without scruple. If they have a grudge against some mandarin, they assemble in sufficient numbers to form a large army and are not afraid to fight pitched battles with the troops sent out against them. It is not hard to see how much trouble such men can give and indeed do give to the missionaries. But the missionaries on their side have devised a plan for protecting themselves and their Christians which is not the least of their successes in China. As soon as the inhabitants of some village have been converted the fathers, while attending to the duties of their apostolic ministry, see that the men are thoroughly drilled and taught to watch the enemy and defend themselves in case of necessity. The mandarins look with favor on these measures, which are of great assistance to them, and they are always ready to send reinforcements of soldiers when notified of a threatened attack. Thus it happens that when the marauders fall upon a Christian village they are greeted with a sharp fire of guns and cannon and are generally beaten back with heavy losses."

"To get a true idea of one of our mission centers in the districts which the robber bands have hitherto terrorized at pleasure picture to yourself every Christian village as a small stronghold fortified at every point of vantage. In the center of the village stands the residence of the commander, who is none other than the missionary. This residence is a regular citadel surrounded by high walls and flanked at its corners by four towers well fortified also. There are no doors. The going in and out is effected by means of ladders which are each time drawn back within. During the day the father attends to his duties and the Chinese to their work. At nightfall every one is at home again, and if danger has been signaled they all retire within the fort, sentries being appointed to keep watch from the towers. At the first cry of alarm the men are up in arms, and the father directs the defense. If the enemy has been reported in larger numbers than usual, the missionary has taken care to ask the mandarin for additional help and is therefore well prepared to repulse the assailants. As a result of these measures the brigands become, little by little, discouraged and leave the Christian villages unmolested, while the missionaries win for themselves the love of the neophytes, the confidence of the public authorities and popularity among the peacefully inclined portion of the people."

If They Shoot, They Are There. A Westralian at the front in South Africa thus describes the method adopted in scouting, says the London Chronicle: "The scouts are sent out toward various kopjes, in which the enemy is expected to be. As a rule he canters up to within about 300 yards of the foot. If by then he is not fired upon, and it is seldom that he is not, he stands up in his stirrups, gazes earnestly at the kopje for half a minute, then suddenly sits down, wheels his horse and gallops for all he knows. If the enemy are on the hill, this ruse usually draws their fire and shows their position."

Quit Farms to Hunt Pearls. One-third of the people living in the vicinity of St. Francis river have abandoned their farm pursuits and engaged in pearl hunting, says a Popular Bluff (Mo.) dispatch to the Chicago Record. The other day J. A. Jones of Black Rock while fishing opened a clam shell and found a beautiful and valuable pearl. The next day he found pearls which he sold for \$322. The news leaked out, and the pearl hunting fever seized the people. Some beautiful pearls have been taken out of the river.

Reminiscences. The grand old dowager empress may have to take to the lecture platform when this rumpus in China is finally settled.—Cleveland Plain Dealer.

## SCROFULA The Blighting Disease of Heredity.

In many respects Scrofula and Consumption are alike; they develop from the same general causes, both are hereditary and dependent upon an impure and impoverished blood supply. In consumption the disease fastens itself upon the lungs; in Scrofula the glands of the neck and throat swell and suppurate, causing ugly running sores; the eyes are inflamed and weak; there is an almost continual discharge from the ears, the limbs swell, bones ache, and white swelling is frequently a result, causing the diseased bones to work out through the skin, producing indescribable pain and suffering. Cutting away a sore or diseased gland does no good; the blood is poisoned. The old scrofulous taint which has probably come down through several generations has polluted every drop of blood.

Scrofula requires vigorous, persistent treatment. The blood must be brought back to a healthy condition before the terrible disease can be stopped in its work of destruction. Mercury, potash and other poisonous minerals usually given in such cases do more harm than good; they ruin the digestion and leave the system in a worse condition than before.

S. S. S. is the only medicine that can reach deep-seated blood troubles like Scrofula. It goes down to the very roots of the disease and forces every vestige of poison out of the blood. S. S. S. is the only purely vegetable blood purifier known. The roots and herbs from which it is made contain wonderful blood purifying properties, which no poison, however powerful, can long resist. S. S. S. stimulates and purifies the blood, increases the appetite, aids the digestion and restores health and strength to the enfeebled body. If you have reason to think you have Scrofula, or best blood purifier and blood builder known, as it contains no poisonous minerals. S. S. S. is pre-eminently a remedy for children.

When my daughter was an infant she had a severe case of Scrofula, for which she was under the constant care of physicians for more than two years. She was worse at the end of that time, however, and we almost despaired of her life. A few bottles of Swift's Specific cured her completely. As it seemed to go direct to the cause of the trouble, I do not believe it has an equal for stubborn cases of blood diseases which are beyond the power of other so-called blood remedies.

Our medical department is in charge of experienced physicians who have made Scrofula and other blood diseases a life study. Write them about your case, or any one you are interested in. Your letter will receive prompt and careful attention. We make no charge whatever for this.

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. It continued to grow worse and I could hardly get about to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 4-cent bottle cured me entirely. I now recommend it to all my friends.—F. A. Babcock, Erie, Pa. It is for sale by Smith's Pharmacy, Kodak agents, next to post office.

## NOTICE TO CONTRACTORS.

Street Improvement.

OFFICE OF STREET ASSESSMENT COMMITTEE.

CITY OF JANEVILLE, WIS., May 26th, 1900.  
Sealed proposals will be received at this office until the 28th day of June, 1900, at two o'clock p. m., for furnishing all material and doing all the work necessary and required to improve the following named streets, to wit: the city of Janesville, Wisconsin, according to the respective specifications, profiles, plans and details thereof, of file in the office of the city clerk of said city, for the inspection of bidders, to-wit:  
That portion of South Second street, which extends from the easterly side of South Main street to the westerly side of Wisconsin street, in the Third ward, being about 220 feet long; and that portion of South Jackson street, which extends from the northerly side of Dodge street to the northerly side of Pleasant street, in the Fifth ward, being about 350 feet long; all to be graded to a sub-grade, and surfaced with macadam, together with curbing and gutters, according to said respective specifications.

Work shall be commenced on said streets on or before the 10th day of July, 1900, and the whole work shall be completed on or before the 21st day of August, 1900, failing in which the respective contractors shall pay to the city of Janesville, as liquidated damages, the sum of twenty-five dollars per day for each and every day's delay in completing said work.

Direction to Bidders.

Each bidder must accompany his bid with a contract and surety bond, in which the contractor, who shall be free holders of the state of Wisconsin, and shall justify as to their responsibility and by their several affidavits showing that they are worth in the aggregate at least the amount of the entire contract price. Property not by law exempt from execution in surety companies approved by the Street Assessment Committee will be accepted in lieu of personal sureties.

Said contract and bond, with sureties, must be completely executed on the part of the contractor, with the exception of the signatures on the part of the city.

This is a positive requirement of THE CHARTER AND MUST BE COMPLIED WITH. Bids failing to comply with the above requirement will not be considered.

Bidders must submit proposals to do the work according to the specifications, plans, profiles and details thereof, stating therein prices respectively per square yard of macadam pavement, including grading, per lineal foot for furnishing combination curb and gutter in center of place, under said specifications, profiles and plans.

No bid will be considered that does not contain prices for the work to be done on the respective street on which such bid is made, as called for in the specifications, profiles and plans.

The bids for the work and material on each of said streets will be canvassed separately and considered in the aggregate based on the estimated quantities within the specifications.

All bids and the accompanying contract and bond must be written on the blanks prepared by the undersigned for the purpose, and prices should be stated in writing and in figures.

All bonds must have attached thereto internal revenue stamps to the amount of fifty cents.

All bids should be marked on the envelope, "Street Assessment Committee," with the name of the street marked thereon, on which such bid is made, and filed in the office of the street assessment committee, in the city clerk's office, in said city.

No Bids for proposals and blank contracts and bonds will be furnished on application to the city clerk.

The bids, when the lowest ones, will be decided by the Street Assessment Committee. The said committee reserves the right to reject any and all bids.

Signed: VICTOR P. RICHARDSON,  
C. V. KERR,  
JAMES M. RICE,

## ANOTHER POINT!

### Worth Considering.

It's only a matter now of a short time before your farm tenant will be in to consult you about the purchase of a machine that will harvest with ease the short grain. That machine is the:

## American Clover Buncher.

Can be attached to any mower. The early dry weather this year means grain too short to bind. The American Clover Buncher is more than equal to the task.

The following reasons explain why the American Buncher should be in the hands of every farmer:

1. It is strong.
2. It is light.
3. It fits any mower, of any make.
4. It is easily attached.
5. It is light of draught.
6. It is easy to operate, almost automatic.
7. It saves the entire crop, no matter how light and sparse, heavy or tangled.
8. It excludes all trash, sticks and dirt.
9. It works perfectly in clover, grass, oats, peas and flax.
10. It is cheap: as compared with anything that will approximately do the work it is sold to do, it is VERY cheap. There are many other reasons why it should be attached to every mower, but the ones given are sufficient to convince any reasonable man.
